

STANDARD OPERATING PROCEDURE (SOP)

Technical Onboarding and Implementation of AIS-140 Vehicle Location Tracking Device (VLTD) System in the State of Assam

Implemented By:

**ASSAM ELECTRONICS DEVELOPMENT CORPORATION
LIMITED (AMTRON)**

1. INTRODUCTION

The Ministry of Road Transport & Highways (MoRTH), Government of India vide notification dated 28th November 2016, mandated installation of Vehicle Location Tracking Device (VLTD) and Emergency Button in all Public Service Vehicles (four-wheeled and above passenger carrying vehicles) under Rule 125H of Central Motor Vehicle Rules, 1989, effective from 1st April 2018.

To standardize technical implementation across the country, Automotive Industry Standard AIS-140 was issued specifying requirements relating to:

- Vehicle Location Tracking Device (VLTD)
- Emergency/Panic Button
- Communication Protocol
- Backend Monitoring System

As per the notification, the VLTD and Emergency Button shall be fitted by:

- Manufacturer, or
- Authorized Dealer, or
- Vehicle Operator,

in compliance with AIS-140 standards as amended from time to time.

2. ASSAM STATE AIS-140 VLTD MONITORING CENTRE

The Assam State AIS-140 VLTD Monitoring Platform (Skytron) & Monitoring Center, implemented by Assam Electronics Development Corporation Limited (AMTRON), shall function as the State Level Central Monitoring Platform for AIS140 devices.

The Monitoring Centre shall:

- Receive real-time data from AIS-140 compliant devices
- Process alerts specified under AIS-140
- Interface with:
 - State Emergency Response Support System
 - Transport Department & DTO Offices
 - Law Enforcement Agencies
 - MoRTH / Designated Agencies
 - Device Manufacturers
 - M2M Service Providers
 - Authorized Retro Fitment Centres etc.

3. OBJECTIVE OF SOP

This SOP defines:

- Operational procedures
- Onboarding framework
- Device registration & activation workflow
- Backend integration process
- Compliance requirements
- Enforcement mechanism
- And Guidelines

for AIS-140 VLTD implementation in Assam through Assam State VLTD Backend Platform (Skytron) for AIS140 devices installed in all Public Service Vehicles (four-wheeled and above passenger carrying vehicles) under Rule 125H of Central Motor Vehicle Rules, 1989 that are registered in Assam

4. GENERAL PROVISIONS

4.1 Device Certification

- a) VLTD manufacturers shall obtain certification from testing agencies notified under Rule 126 of CMVR, 1989.
- b) Certified device details shall be uploaded by manufacturer in VAHAN Database using authenticated credentials.

4.2 Installation

- a) Installation of AIS140 device shall be carried out by manufacturer or authorised dealers with real time tagging and activation in Assam State AIS140 VLTD backend platform (Skytron).
- b) Vehicle owners shall ensure continuous functioning and connectivity of VLTD devices.

4.3 Conformity of Production

- a) Manufacturers shall undergo annual Conformity of Production (CoP) testing of AIS140 device models from test agencies notified under rule 126 of CMVR, 1989.
- b) Testing agencies shall update certification and CoP status in VAHAN.

4.4 Backend Configuration

During installation, device shall be configured with Assam State AIS140 VLTD Backend system, Skytron.

Only Assam State AIS140 VLTD backend-compatible device models shall be permitted for tagging and activation.

4.5 Warranty & Connectivity

Manufacturers/dealers shall provide:

- Minimum **24 months eSIM data connectivity** for new vehicles (new registration vehicles).
- Minimum **12 months eSIM data connectivity** for existing vehicles (already registered vehicles).
- Device warranty, installation, connectivity & maintenance support

4.6 Device Verification

Registration/ fitness testing authority shall verify device Unique ID, vehicle tagging details and device activation status in Skytron Assam State AIS140 VLTD backend using the URL <https://skytron.in> during Registration/Fitness testing.

4.7 Backend Validation

State Monitoring Centre shall verify:

- eSIM validity
- Data communication
- Panic button functionality

before activation of the VLTD.

4.8 VAHAN Activation

Upon successful confirmation from Assam State AIS140 VLTD backend (Skytron):

- Activation status shall be updated in VAHAN
- VLTD Fitment Certificate may be downloaded
- Vehicle Registration/Fitness testing process may proceed

4.9 Dual Profile Requirement

All AIS-140 devices operating in Assam shall mandatorily support at least **Dual Telecom Service Profile Communication** (Airtel, Vodafone, Jio, BSNL etc)

Devices found operating on single profile shall lead to:

- Device rejection
- Manufacturer blacklisting
- M2M service provider blacklisting

4.10 Mandatory Vehicle Sticker

Manufacturer/Dealer shall affix prescribed information sticker (**Annexure I**) containing:

- Vehicle Registration Number
- Skytron App QR Code (Playstore & Appstore)
- Responsible SOS panic button usage instruction

4.11 Technical Compliance

Devices must comply with:

- AIS-140 Standard
- MoRTH RFP VOL II Functional Requirements
- Assam State AIS140 VLTD Backend (Skytron) Technical Environment

4.12 Owner Responsibility

Vehicle owner shall:

- Maintain functional AIS140 VLTD device
- Recharge eSIM before expiry
- Ensure the device remains functional and continuously sends data to the State Monitoring Centre.
- Inform the dealer and register a complaint with the monitoring centre, if the device or panic button requires maintenance or disconnection.

4.13 Inspection and Audit

- a) Implementation Agency, AMTRON may prescribe additional operational conditions for effective implementation.
- b) Implementation Agency AMTRON may inspect and audit:
 - Fitment Centres
 - Service Centres
 - Local Offices of manufacturers
 - Helpdesks within Assam.

4.14 Periodic Review

- a) Devices and services shall be reviewed every three months by Implementation Agency.
- b) Non-compliance may lead to suspension or delisting.

5. QUALITY CONTROL MECHANISM

Repeated faulty devices (more than 5% defective devices) and faulty installations shall attract penal action.

6. AFFIDAVIT REQUIREMENTS

6.1 M2M Service Providers

M2M service providers must provide an Affidavit as per format in **Annexure II** declaring that Company was not blacklisted by any State/PSU in the prescribed format and that it will comply with the guidelines and procedure of this SOP and that it will maintain confidentiality of backend platform details.

Violation may result in blacklisting.

6.2 Device Manufacturer

Manufacturer shall provide an Affidavit as per format in the prescribed format as in **Annexure III** declaring that:

- a. Company was not blacklisted by any State/PSU.
- b. Device shall not transmit fabricated/manipulated data
- c. Devices are manufactured/assembled in India.
- d. Full AIS-140 compliance ensured.
- e. Continued support to existing VLTD devices installed in the state of Assam even if certification & onboarding of a manufacturer or model is withdrawn for any reason.
- f. It will comply with the guidelines and procedure of this SOP

Violation may result in blacklisting.

7. ONBOARDING & SIGN-IN PROCEDURE

Step-1: Online Application

M2M Providers and Device Manufacturers (factory fitted/ retro-fitted) shall apply through:

<https://skytron.in>

Step-2: Registration Fee

Rs **5,000 + GST** payable in favour of:

Assam Electronics Development Corporation Limited

Account No: 41625944536

Branch: New Guwahati Branch

IFSC: SBIN0000221

Details of registration fee payment with mode and payment reference no and registration application reference should be emailed to support@skytron.in for further processing.

Step-3: Verification

Implementation Agency may:

- Verify documents and facilities
- Conduct technical evaluation
- Seek clarification

Step-4: Profile Activation

Approved applicants shall receive user login credentials of Skytron Assam State VLTD backend platform via mobile SMS in the registered mobile number.

8. M2M SERVICE PROVIDER & DEVICE MANUFACTURER ONBOARDING FLOW

STEP-1

- 8.1. M2M Service Provider shall apply for onboarding in Skytron Assam State AIS140 VLTD platform using the URL [**https://skytron.in**](https://skytron.in)

STEP-2

- 8.2. Device Manufacturer (factory fitted or retro-fitted) shall apply for onboarding in Skytron Assam State AIS140 VLTD platform using the URL [**https://skytron.in**](https://skytron.in) selecting approved M2M service provider that has supplied the eSIM for its devices.

After the details submitted by manufacturer is verified and approved, manufacturer will gain access to manufacturer user role in skytron platform, device model compatibility assessment document with required technical specifications.

- 8.3. Manufacturers are further required to submit:
 - a. Compatibility test fee of ₹50,000 + GST per device model payable in favour of:

Assam Electronics Development Corporation Limited

Account No: 41625944536

Branch: New Guwahati Branch

IFSC: SBIN0000221

Details of compatibility test fee payment with mode and payment reference no and application reference no should be emailed to [**support@skytron.in**](mailto:support@skytron.in) for further processing.

- b. Five (5) devices for compatibility testing to Assam Electronics Development Corporation, Industrial Estate, Bamunimaidan, Guwahati – 781021.
- 8.4. Separate application required per model.

STEP-3

8.5. Once a device model compatibility is approved:

- Manufacturer may create dealer profiles in Skytron platform.
- Upload device inventory against the compatible device model
- VAHAN credentials for dealers/RFCs of the manufacturers shall be created by the implementation agency AMTRON in the VAHAN portal.

STEP-4

8.6. Authorised Dealer in the Assam State VLTD backend platform may:

- Create vehicle owner profile
- Tag & activate VLTD
- Replace defective devices

STEP-5

8.7. Activated devices shall communicate with Assam State AIS 140 VLTD Backend (Skytron).

STEP-6

8.8. SOS alerts from:

- AIS-140 device

OR

- Skytron Mobile App

shall be processed and forwarded to ERSS as per defined emergency workflow.

9. Fitment of VLT device & Panic Buttons in Vehicle-

9.1. Position of VLTD fitment inside the vehicle

Physical mounting of VLT device in vehicle should be as per AIS140 section 5.3.

It is mentioned as 'The VLT system shall be mounted in a suitable location such a way that it is not easily accessible /exposed to passengers'.

9.2. VLT device may be fitted over the dashboard for heavy vehicles and in a suitable Location in light vehicles.

9.3. Any kind of metal cover or shielding should be avoided over VLTD.

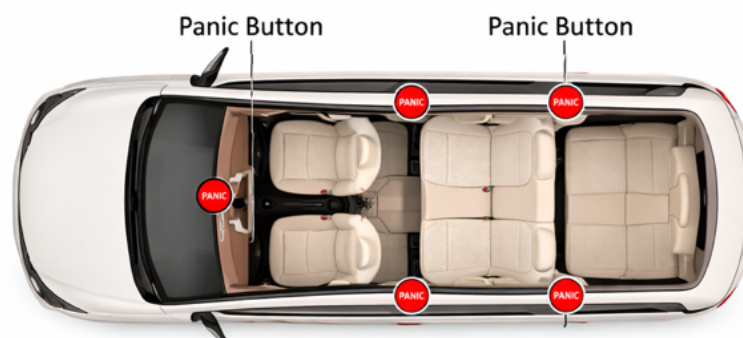

9.4. The IMEI Number of VLT device should be clearly indicated above the device in such a way that it can be easily identified.

Fitment of Panic Buttons inside the vehicles

- 9.5. Emergency button(s) shall be fitted in such a way that every passenger including driver shall be able to access the Emergency button(s).
- 9.6. Passenger Car shall have at least one emergency button on each passenger row easily accessible by each of the passenger.
- 9.7. There shall also be one dedicated emergency button for the driver.
- 9.8. Passenger Transport bus shall have emergency buttons at locations easily visible & accessible to all the passengers such as every 2 meters on both the sides on passenger seating area.

Indicative Panic Button positions for car

Indicative Panic Button positions for car

10. RESPONSIBILITY OF MANUFACTURERS / DEALERS

The manufacturer or authorized dealer/installer shall ensure that:

- the device IMEI/Serial number is registered in Skytron Assam State AIS140 VLTD backend.
- the vehicle registration number is mapped correctly.
- SOS alerts and periodic data packets are visible in the State Monitoring Centre.
- the VLTD Fitment Certificate is generated only after successful activation in Skytron Assam State AIS140 VLTD backend.

11.ENFORCEMENT & COMPLIANCE

11.1 Non-functional or non-communicating devices shall result in:

- Activation rejection
- Registration/Fitness hold
- Suspension from backend platform

11.2 Tagging and Activation of AIS140 devices in Skytron Assam State AIS140 VLTD backend platform is mandatory for AIS140 devices installed in all Public Service Vehicles (four-wheeled and above passenger carrying vehicles) under Rule 125H of Central Motor Vehicle Rules, 1989 that are registered in Assam.

11.3 Manufacturers and dealers found issuing VLTD fitment certificate to Public Service Vehicles (four-wheeled and above passenger carrying vehicles) under Rule 125H of Central Motor Vehicle Rules, 1989 that are registered in Assam without mandatory Tagging and Activation of AIS140 devices in Skytron Assam State AIS140 VLTD backend platform will be blacklisted.

11.4 Issuance of VLTD fitment certificates in VAHAN for vehicles registered in Assam based on device activation from any other backend or common layer or backend platforms of other States or private backend servers other than Skytron Assam State AIS140 VLTD backend platform is strictly prohibited.

12.TERMS OF USE

AMTRON reserves the right to:

- Suspend access
- Revoke onboarding
- Blacklist entities
- Modify SOP requirements

for effective statewide implementation.

13.EFFECTIVE DATE

This SOP shall come into force with immediate effect and shall apply to all AIS-140 VLTD installations for vehicles registered within the State of Assam.

.....

ANNEXURE-I

A non-tearable sticker of standardised size of 100mmX60mm has to be fixed on backside of each seat with following details by manufacturer/ dealer/ installer

THIS VEHICLE IS FITTED WITH AIS140 VEHICLE LOCATION TRACKING DEVICE	
Vehicle Registration No:.....	
EMERGENCY USE ONLY	
Please press the SOS button installed in vehicle or from Skytron App in case of Emergency/ Threat to passenger safety/ Harassment / Crime Situation/ Medical emergency/ Accident or Distress	
Download Skytron App - Send SOS Monitor Trip Report Violations	
	
QR Code for Appstore	QR Code for Playstore

ANNEXURE-II

FORMAT OF AFFIDAVIT BY M2M SERVICE PROVIDER

AFFIDAVIT

(To be executed on Non-Judicial Stamp Paper of ₹100/- or as applicable and duly notarized)

I, _____, S/o / D/o _____, aged about _____ years, presently working as

_____ of M/s _____, having its registered office at _____, do hereby solemnly affirm and state as follows:

1. Company Details

That M/s _____ (hereinafter referred to as the “Company”) is engaged in providing Machine-to-Machine (M2M) / Telecom connectivity services and has applied for onboarding as an M2M Service Provider for AIS-140 Vehicle Location Tracking Devices (VLTD) integrated with the Assam State AIS-140 VLTD Backend Platform (Skytron) operated by Assam Electronics Development Corporation Limited (AMTRON).

2. Declaration of Non-Blacklisting

That the Company hereby declares that it was not/ has not been blacklisted, debarred or declared ineligible by any:

- Central Government Department / Ministry
- State Government Department
- Public Sector Undertaking (PSU)
- Government Agency / Statutory Authority

for any project related to telecommunication services, ITS systems, vehicle tracking systems, AIS140 device, IoT connectivity or similar services.

3. Compliance with SOP

That the Company confirms that it has read, understood and accepted the provisions contained in the:

“Technical Onboarding and Implementation of AIS-140 Vehicle Location Tracking Device (VLTD) System in the State of Assam.”

The Company hereby undertakes to strictly comply with all the provisions, operational procedures, technical requirements and conditions specified in the SOP and any amendments issued from time to time by the Implementation Agency or Government of Assam.

4. Confidentiality of Platform

The Company acknowledges that the Skytron Assam State AIS-140 VLTD Backend Platform and its associated systems contain confidential and proprietary information belonging to the Government of Assam and/or AMTRON.

The Company undertakes that it shall not:

- disclose
- reproduce
- publish
- share
- distribute
- transfer
- reverse engineer

any information relating to the Skytron backend platform including but not limited to:

- system architecture
- APIs and technical specifications
- backend integration parameters
- dashboards and monitoring interfaces
- operational workflows
- documentation and manuals

without prior written approval of AMTRON.

The Company shall ensure that its employees, agents, contractors, dealers, customers and partners also maintain strict confidentiality of such information.

5. Operational Undertaking

The Company further undertakes that:

- a) It shall provide reliable M2M connectivity services against eSIM supplied for AIS-140 compliant devices installed in vehicles registered in the State of Assam.
- b) It shall ensure that connectivity services remain active during the eSIM period and be compliant with the requirements of the State AIS-140 VLTD Backend Platform.
- c) It shall cooperate with AMTRON or authorized government agencies in relation to:
 - technical integration
 - system audit
 - inspection
 - verification

as required under the SOP.

6. Indemnity

The Company hereby agrees to fully indemnify, defend and hold harmless:

- Government of Assam
- Assam Electronics Development Corporation Limited (AMTRON)
- Transport Department, Government of Assam
- Assam State AIS-140 VLTD Monitoring Centre

from and against any loss, damage, liability, claim, penalty, cost, or expense, including legal expenses, arising out of or resulting from:

- a) breach of any provision of the SOP or applicable laws;
- b) misuse, unauthorized disclosure, or compromise of confidential information relating to the Skytron backend platform;
- c) failure of the M2M connectivity service leading to disruption of AIS-140 compliance or emergency alert transmission;
- d) any act, omission, negligence or misconduct by the Company, its employees, agents, contractors or affiliates in connection with the services provided under this SOP.

The Company shall be solely responsible for any consequences arising from such actions and shall compensate the concerned authorities for any resulting damages or losses.

7. Consequence of Violation

The Company acknowledges that any violation of the SOP provisions, confidentiality obligations or operational requirements may result in:

- suspension of backend access
- cancellation of onboarding
- blacklisting of the Company
- initiation of legal proceedings

as deemed appropriate by the Implementation Agency or the Government of Assam.

8. Declaration

That the statements made above are true and correct to the best of my knowledge and belief, and nothing material has been concealed therefrom.

DEPONENT

ANNEXURE–III

FORMAT OF AFFIDAVIT BY MANUFACTURER

(To be executed on Non-Judicial Stamp Paper of ₹100/- or as applicable and duly notarized)

AFFIDAVIT

I, _____, S/o / D/o _____, aged about _____ years, presently residing at _____, being the Authorised Signatory / Director / Partner of M/s _____, having its registered office at _____, do hereby solemnly affirm and declare as under:

1. Company Declaration

That M/s _____, the Manufacturer, herein after called “company”, has applied for onboarding / registration of AIS-140 Vehicle Location Tracking Devices (VLTD) for integration with the Assam State AIS-140 VLTD Backend and Monitoring System operated by Assam Electronics Development Corporation Limited (AMTRON).

2. Non-Blacklisting Declaration

That the Company was not/ has not been blacklisted, debarred, or prohibited by any Central Government Department, State Government, PSU, Autonomous Body or Statutory Authority in India.

3. Data Integrity Declaration

That the VLTD devices manufactured/ supplied by the Company shall not transmit fabricated, manipulated, simulated, or tampered telemetry data to the Assam State AIS-140 VLTD Backend System.

The Company shall ensure authenticity and integrity of data transmitted from its devices at all times.

4. Manufacturing Declaration

That the AIS-140 VLTD devices supplied by the Company are manufactured and/or assembled in India, in compliance with applicable regulatory and certification requirements.

5. AIS-140 Compliance Declaration

That the Company shall ensure that all VLTD devices deployed for vehicles registered in the State of Assam fully comply with the AIS-140 standard and subsequent amendments issued by MoRTH from time to time.

6. Continued Support Obligation

That in the event of:

- suspension,
- withdrawal,
- cancellation,
- expiry,
- or discontinuation

of any certification, onboarding approval, or device model, the Company shall continue to provide technical support, maintenance, and service for all VLTD devices already installed in vehicles registered in the State of Assam for the applicable service life of the device.

7. Compliance with SOP

That the Company shall comply with all procedures, guidelines, and operational requirements prescribed in the Standard Operating Procedure (SOP) for AIS-140 VLTD Implementation in the State of Assam, issued by AMTRON or Transport Department, Government of Assam, as amended from time to time.

8. Confidentiality and Non-Disclosure

That the Company shall adhere to all confidentiality and non-disclosure obligations with respect to:

- backend technical specifications,
- system architecture,
- data exchange protocols,
- operational procedures,

as communicated by the Implementation Agency.

9. Indemnity Undertaking

That the Company shall indemnify and hold harmless the Government of Assam, Transport Department, AMTRON, and associated agencies against any loss, damage, liability, claim, or legal action arising out of:

- non-compliance with AIS-140 standards,
- malfunction of devices,
- transmission of incorrect or fabricated data,
- breach of SOP provisions.

10. Consequence of Violation

That the Company acknowledges that any violation of the declarations made herein or non-compliance with applicable provisions of the SOP may result in suspension, de-registration, or blacklisting of the Company and its device models from the Assam State AIS-140 VLTD platform.

11. Declaration

I hereby declare that the contents of this affidavit are true and correct to the best of my knowledge and belief and nothing material has been concealed therein.

DEPONENT
